Auto Correct Photo Image Quality
Education Building Block

Digital Front End: _____

Print Engine: _____

Print Options Used: _____

Note: Please record the settings that were used to produce this print sample.

This exercise will demonstrate the ability to automatically enhance photographic images using the Revoria Flow PC11. This feature can be used to apply improvements such as color correction and sharpness to images. It can be used to enhance output quality without specialized graphic reproduction knowledge being required from the operator.
