

How to Login as an Administrator

GX Print Server for B9 Series Copier/Printer

Version 2.1

FUJIFILM Business Innovation Corp.

Overview

This exercise will demonstrate the ability to login to the GX Print Server as a System Administrator. This login method will grant the operator access to more advanced system level preferences.

Objectives

By the end of this exercise you will be able to:

- Identify the status of the current user logged into the GX Print Server
- Navigate to the location of the Log in / Log out setting on the GX Print Server
- Identify the Default Administrator Password
- Log in as an Administrator

BEFORE

AFTER

Login as an Administrator

1. Check the login status on the Print Station
