

How to configure the Job List Layout

GP Controller for ApeosPro C810/C750/C650

Version 1.0

FUJIFILM Business Innovation Corp.

Overview

This exercise will demonstrate the ability to configure the view of the job list on GP Controller's Job Manager. The user can easily change the view of Processing and Completed job lists.

Objective

By the end of this exercise users will be able to:

- Navigate the feature on the GP Controller
- Learn how to configure the Job List Layout

Change Layout of Job List

1. Open PrintStation and select the Job List Layout icon inside the Job Filter view pane.

	PrintStation						_ 🗆 ×
