

## Before you Begin

- **1.** To find out what version of Windows® you have, and if it is a 32bit or 64bit system, please go to <u>http://support.microsoft.com</u> for further assistance.
- 2. Ensure that the Printer is switched on and connected to your Computer.
- **3.** The Steps in this guide are for both Network (LAN) and USB connected printers. Not all Steps will apply depending on how the Printer is connected.
- **USB** For a **USB connected Printer**, the connector and cables are as shown below.

LAN For a Network (LAN) connected Printer, the connector and cables are as shown below.

## **Install Procedure**

- **1. LAN USB** Double click the downloaded driver file.
- 2. LAN USB Select 'Agree' and then click 'Next' (Fig.1).

**NOTE:** For a USB Connected Printer, skip to Step 6.
